Outline:

The Virtual Physiological Human Network of Excellence (NoE) is a new project funded by the European Union to support physiome-style research in the EU and beyond. The Symposium will focus on the challenges that lie ahead of the Physiome community in terms of community building, visibility, standards and integration for Physiome-style research around the world. The meeting is open to all IUPS 2009 participants with a core of about 20 invited attendees.
